

Chia-Yu CHU

Dr. Chia-Yu CHU is Professor of Dermatology at National Taiwan University College of Medicine.

His main research interests include atopic dermatitis, drug eruptions, urticaria, and autoimmune blistering diseases.

During 2008-2010, he was a Visiting Professor and clinical researcher in the University of Paris XII. In the past 15 years, he has been involved in many clinical trials including novel treatments for atopic dermatitis, urticaria, pemphigus and pemphigoid.

He also collaborated with several international research groups to investigate the basic immunologic mechanisms, natural history, and disease burden of atopic dermatitis and urticaria.

He has published more than 17 book/chapters and 260 articles about atopic dermatitis, urticaria, drug eruptions, and autoimmune blistering diseases
