

Natacha Anayancy MORERA HILARIO

With over 30 years of experience in the field of medicine, specializing in Dermatology and Venereology. Graduated in Medicine from the Technological University of Santiago (UTESA) in 1992, consolidating her training by completing residencies in Internal Medicine at the Cabral y Báez Hospital in Santiago, as well as in Dermatology and Venereology at the Dr. Humberto Bogaert Diaz Dermatological Institute endorsed by the Autonomous University of Santo Domingo (UASD).

Her professional trajectory has been enriched with prominent roles, including the presidency of the Espailat Provincial Medical College and teaching as a Professor of Dermatology at the Technological University of Santiago. Dr. Natacha is an active member of the Dominican Medical College, the Dominican Society of Dermatology, the Iberolatin American College of Dermatology, and the Central American Society of Dermatology.

Currently, she serves as an Associate Dermatologist at the Guadalupe Medical Center since 2000, where she has had the privilege of applying her knowledge to improve the health and well-being of her patients. Her commitment to excellence in medical care, prevention, and diagnosis is reflected in her role as President of the Northern Branch during the period 2023-2025.

Her passion for dermatology has driven her to continue learning and contributing to the advancement of this specialty; committed to research, continuous education, and professional exchange at national and international levels.
